Joint Preservation and Reconstructive Surgery

Video | Surgical Techniques | Lectures

Venue : **The Residency**, Coimbatore
Date : **9th & 10th** January 2016

*Dear Respected Doctors,
Greeting from CBJF,*

A new era of Joint Preservation has arisen. Our conference concept of "Joint Preservation & Reconstructive Surgery" encompasses to cover a wide spectrum of Complex intra - Articular fracture Repair / Reconstruction, ligament & soft tissue, Articular Reconstruction (Arthroscopy) & finally for "Arthroplasty & Revision Arthroplasty techniques" Debates & Case discussions promise to bring in advanced ideas for the care of your patients. Progress everytime we debate. Our minds open for broader acceptance, and we will share our knowledge with Stahwarts from all over our Country.

We look forward to welcoming you personally at Coimbatore in Jan 2016 to begin the New Year with great Academic hope.

LIST OF FACULTIES

- ◆ Dr. Amit Ajgaonkar, Mumbai
- ◆ Dr. Arumughan, Chennai
- ◆ Dr. Balasubramanian, Coimbatore
- ◆ Dr. Gopinath, Calicut
- ◆ Dr. Lasar Chandy, Cochin
- ◆ Dr. Malhotra, Delhi
- ◆ Dr. Mangal Parihar, Mumbai
- ◆ Dr. Milind Chudary, Akola
- ◆ Dr. Pradeep Ponoose, Cellore
- ◆ Dr. Pratapkumar, Cochin
- ◆ Dr. P.V. Rajan, Madurai
- ◆ Dr. Rex, Coimbatore
- ◆ Dr. Sharon Patil, Bangalore
- ◆ Dr. Shanmugasundaram, Pollachi
- ◆ Dr. Sathish Devadoss, Madurai
- ◆ Dr. Sharath Rao, Mangalore
- ◆ Dr. Srikanth Gollamudi, Hyderabad
- ◆ Dr. Shiva Shankar, Sholapur
- ◆ Dr. Subramani, Hyderabad
- ◆ Dr. Thirumalaisamy, Coimbatore
- ◆ Dr. Udai, Hyderabad
- ◆ Dr. Velasamy Ravendran, Coimbatore

SCIENTIFIC PROGRAMME

Start

**9th JAN
08.30 AM**

TO

Finish

**10th JAN
05.00 PM**

Hip

- Femur Neck / Basal # Fixations - Screw / DHS / Nail
- Femoral Head # Fixations
- Joint Preserving Procedures
- Osteotomy Perthes etc
- Core Decompression - What is the role in AVN
- Arthroscopy
- FAI
- Ganz Procedure
- Derotation / Valgus / Abduction Osteotomy - Failed Neck #s
- Salvage Severe SUFE
- Complex Primary THR (Femoral Segment) - Reconstructive THR
- Managing Acetabular Bone loss Primary / Rev THR
- Painful Dysplastic Acetabular - Arthroplasty Solutions
- Dysplastic Hip - Non Arthroplasty Solution
- CDH - Femoral Correction
 - Acetabular Corrections
- Extraction of Failed Cemented & Uncemented Cup - Tips & Techniques
- Extraction of Failed Cemented & Uncemented Stem - Tips & Techniques
- Role of Hip Resurfacing in 2015

Shoulder

- Fracture - GT Fractures - All Types Fixation Methods
- Severe Comminuted Neck II / III /IV Fracture Fixation
- Reverse Shoulder Arthroplasty
- Cuff Repair Mini open / Arthroscopy
- SLAP lesions / Role of Biceps - Treatment Methods / Techniques
- Bankart / Remplissage - Arthroscopic methods
- Laterjet Operative Technique
- Glenoid Fracture Intra / Extra Articular - Management
- PASTA - When do I need to Intervene Surgically?
- Massive Tear Repair / Reconstruction
- Severe AC Joint Dislocations - Management

Knee:

- Meniscal Preserving / Repair Surgery / Root
- Why should we preserve Meniscal
- Semi T - Graft Harvest - Techniques Videos
- BTB Graft Harvest - Minimally Invasive Techniques Videos
- ACL - Arthroscopic Recon Technique
- PCL, - Arthroscopic Reconstruction Techniques

- Postero Lateral Complex Rupture - Repair / Reconstruction Tips
- Gr 3 MCL Tear - Repair / Reconstruction
- Multi Ligament Injury - Knee Dislocation Treatment Protocol
- HTO - Surgical Technique - Medial Open Wedge Standard Surgery
- HTO - Surgical Technique - Newer methods of Remote control way
- Articular Cartilage Defects
- Wash out / Micro drill
- OATS /ACI
- Stem Cells - Results in different conditions of Knee
Like OA / Cartilage loss
- Distal Femoral Osteotomy its usage in Articular problems / Techniques
- TKR- Severe varus release
 - Severe valgus release
 - Severe FFD release
 - Take down of a stiff knee for TKR
- Gap Balancing / Measured Resection
- Mid Flexion Instability - Prevent / Solution on table
- Primary TKR
- Managing Tibia Bone loss BG / Cement / Screws / Wedge Techniques
- Primary TKR in Deformed knees - Tips & Techniques
- Instability following TKR
- What is Adequate Release
- Failed TKR- infected – Principles & Diagnosis in Mgt
- Failed TKR Non infected
- Managing – Tibial Bone Loss / Techniques / Solution
- Femoral Bone Loss / Techniques / Solution
- Epiphyseal Growth Plate Corrections / Deformity
- Complex Tibial Condyl Fractures - Reconstruction
- Postero - Medial approach & Plating
- Posterolateral Approach to Knee?
- Illizaorv vs Plating for Type 5,6 Proximal Tibial Fractures
- Release of Stiff Knee - Method / Technique
- Combined ACL + HTO Technique

DEFORMITY CORRECTIONS

◆ ELBOW ◆ KNEE ◆ ANKLE

Videos Sessions Interesting Cases Session

ELBOW

Stiff Elbow release-- Post Traumatic
Intra Articular “C” type Fractures
Total Elbow Arthroplasty

Scope of Conference

-Major Joint Preserving &
Reconstructive Surgery
-Articular, Periarticular Fractures
